

Create a premium futuristic telecom Instagram advertisement poster with a perfectly proportioned modern smartphone mockup as the central focus. The phone must have realistic width, correct aspect ratio, balanced perspective, and professional flagship-device dimensions — not too slim or stretched. Use a slightly angled 3D perspective with visible thickness and realistic bezels similar to premium modern smartphones.

**Brand Name: CONNECT IT**

**Contact Details:**

- Website: website-connect-it.co
- Email: email-connect-it@gmail.com
- Phone: +91 79678 90987

Add these telecom promotional lines professionally inside the design:

- “Experience seamless 5G connectivity with ultra-fast internet and crystal-clear calling.”
- “Stay connected anytime, anywhere with affordable unlimited data plans.”

The smartphone should occupy around 55%–65% of the layout width for strong visual balance. Add glowing 5G holographic graphics on the screen with circular HUD elements, neon cyan light effects, floating network particles, and ultra-fast internet visualisation.

Background should feature a futuristic cyber city skyline with purple-blue neon lighting, cinematic atmosphere, digital signal waves, and premium telecom branding aesthetics. Add soft reflections beneath the phone for realistic depth.

**Include:**

- Strong headline: “Experience Lightning Fast 5G”
- Subheadline: “Unlimited Speed • Unlimited Connectivity”
- Premium CTA button: “Recharge Now”
- Offer badges for Unlimited Data, Free Calls, and 5G Access

### **Design Style:**

- **Modern telecom advertising**
- **Ultra-clean composition**
- **Balanced spacing**
- **Premium luxury campaign aesthetic**
- **High-end Instagram marketing design**
- **Glassmorphism UI effects**
- **Neon blue and purple gradients**
- **Hyper realistic rendering**
- **Cinematic lighting**
- **Professional typography**

### **Important Composition Fix:**

- **Ensure the smartphone width looks natural and premium**
- **Avoid narrow or elongated phone proportions**
- **Maintain realistic device scale relative to the poster**
- **Use centered composition with symmetrical balance**
- **Keep margins consistent on all sides**

### **Rendering:**

**Ultra HD, 8K, highly detailed, sharp focus, cinematic contrast, realistic shadows, premium reflections, commercial advertising quality, Instagram post size 1080x1350.**
